

## Heavy Duty 38mm (1.5") Wire Rope Cutter Cutters & Grinders.

### DESCRIPTION

The open faced cutting tool has been designed specifically for cutting into long lengths of wire rope in a crisp and simple action. The shear power of the cutter makes it suitable for cutting wire rope, cables and umbilicals. Designed without the need for a separate anvil this open cutter is particularly useful in confined spaces.

The tool is engineered from the highest quality alloys and is polished and nickel plated for added corrosion protection. This high quality construction requires little or no maintenance throughout its operational lifetime. Replacing the cutting blade or seals are simple tasks.

### FEATURES

Cuts wire rope, cables, umbilicals

Max wire rope diameter 38mm (1.5")

Cuts up to 1960N/mm<sup>2</sup> wire rope

22kg in air

Supplied in offshore suitable transit case.

# Heavy Duty 38mm (1.5") Wire Rope Cutter Cutters & Grinders.

## SPECIFICATIONS

Max Wire Diameter	38mm (1.5")
For Cutting	Wire Rope, Cables and Unbilicals
Rope Grade	Up to 1960/mm <sup>2</sup>
Max Hydraulic Pressure	220 Bar
Hydraulic Fluid	Mineral Oil
Weight in air	22kg
Hoses	Supplied with 3m hoses to connect to ROV

## PART NUMBERS & OPTIONS

A860-408-100/01	RCO40LP Cutter
A860-408-101/01	RCO40LP Cutter Spares Kit

## WHAT'S IN THE BOX

RCO40LP Cutter with handle  
Supply and return hoses.  
Relief Valve  
Operations & Maintenance Manual.
