

15 kW Rental Deck Pack HPU

The FET rental Deck Pack HPU can be used to run ROV or tooling hydraulic systems without the need to turn on the ROV HPU. The deck pack is suitable for Shell Tellus and equivalent hydraulic oils. The deck pack is suitable for 400 – 480 VAC supplies at 50 or 60 Hz and will supply hydraulic pressure at up to 46.3 litres per minute.

Specifications

Max Weight (inc. oil):	700 kg
Useable Reservoir Capacity:	130 L
Hydraulic Fluids:	Shell Tellus 22 – 32 Panolin – HLP Synth 32
Maximum Working Pressure:	220 bar
Maximum Flow:	46.3 LPM
Required Electrical Power:	22 kW
Height:	1.11 m
Width	1.04 m
Length	1.31 m

Part Numbers

00061169FET	15KW HPU TOP LEVEL WITH CJC
